

Grant Assistance for Grass-Roots Human Security Projects
Handing Over Ceremony of
‘The Project for Construction of Classroom Building for Buinitusu Primary School’

On 9th January, 2020, a Handing Over Ceremony for ‘The Project for Construction of Classroom Building for Buinitusu Primary School’ was held in Marovo District of Western Province. The ceremony was attended by approximately 300 people including Ambassador Shigeru Toyama and other stakeholders.

The Government of Japan supported Buinitusu Primary School, which has lost their classroom building due to a fully collapse, through grant assistance amounting to US\$87,500 (SBD\$697,375) for the construction of classroom building (double-story with 6 classrooms). Through the project, the students will be able to access to learning opportunities under the safe and proper environment.

Ambassador Toyama said in his remarks, ‘We are glad to support your school timely. We hope that the new building will be well maintained so that this project will benefit many children for many years to come.’ The Head Teacher said, ‘We sincerely appreciate the prompt assistance from the Government of Japan for providing the new classroom building soon after the collapse of our old classroom building.’
